

Dear You,

Thinking that it will be us

Just the both of us

I couldn't be more happy

Knowing that I will do that with my best friend

And to think that before I didn't appreciate you at your true value

and to say that I didn't take care of you as I should

and to say that I gave to others more than to you

you were not my priority

Now I look at you and I'm proud

we come from afar

you didn't let me down

You believed in me when no one else did

When no one else was there you were always there

Even if it was to scoop me up with a spoon

or to give me tough love

you are the only one I can count on

they come and go

but only you remain

and when I look at you

I'm happy to do the adventure with you

I couldn't have fallen better

Best regards,
You
